6.1 Pre-requisites for Re-labeling

Requirements for re-labeling the supplier's MADE IN GREEN label number under your own company name

The existing MADE IN GREEN label number/product ID:

- Must fulfill all criteria listed in the MADE IN GREEN Standard chapters 2.1 & 4.3.3)
- Is valid at the time of re-labeling
- Can be re-labeled by third party only with confirmation (within the MADE IN GREEN dashboard) from the original label owner
- Can only be re-labeled once within a linear supply chain
- Must always have a clear reference to the labeled product

6.2 Check Label to be Re-labeled

- A. Go to oeko-tex.com [Label Check](#)
- B. Enter the existing MADE IN GREEN label #/product ID
- C. Check the label status
- D. Proceed with relabel only if product ID can be verified, i.e., the product:
 - Currently meets the MADE IN GREEN criteria
 - Is currently being produced

* Re-labeling is not possible if status is withdrawn, expired or traceable (but no longer being manufactured)

OEKO-TEX® Label Check

B

Congratulations for making a difference with a MADE IN GREEN labelled product!

This product meets the OEKO-TEX® MADE IN GREEN criteria. It is verified by independent laboratory tests and on-site visits to the production facilities. Qualification criteria are vetted and enforced annually by OEKO-TEX® testing institutes.

 Although this product is no longer being manufactured, its supply chain can be traced for 5 years after the OEKO-TEX® MADE IN GREEN label expires. During the validity period, this product met the OEKO-TEX® MADE IN GREEN criteria as verified by independent laboratory tests and on-site visits to the production facilities.

 **The label number has been withdrawn.**

 **The label number has expired.**

6.2.1 Product Details

- A. Proceed with relabel only if product ID complies with:
- Article info requirements, i.e., correct article name & description
 - Component requirements, i.e., complete supply chain
- B. If non-compliant or invalid label status, contact the supplier to improve their label (in cooperation with their institute)

6.3 Find Article for Re-labeling

- A. Log in to [myOEKO-TEX®](#)
 - B. Click on company name to navigate to product menu
 - C. Click 'MADE IN GREEN'
 - D. Click 'Article / Requests'
 - E. In the box to the left of the '+Relabel' button, Enter your supplier's MADE IN GREEN product ID (case sensitive)
 - F. Click '+Relabel'
- * Note errors if relabeling is not possible (product ID is expired, invalid or withdrawn)

The screenshot displays the myOEKO-TEX® interface for finding an article for re-labeling. The interface includes a navigation bar with the OEKO TEX logo and a company name dropdown (Global Brands Limited 2018). Below this is a menu with 'MADE IN GREEN' selected. A sub-menu shows 'Articles / Requests' selected. A search box contains 'M24HG1ZU6' and a '+ Relabel' button is visible. Below the search box is a table with columns for Article name, Article number, Article internal remark, and Submitted. Three error messages are displayed below the table, each with a red asterisk icon and a close button (X). The error messages are: 'M1SM0BDB1: Relabeling expired labels is not allowed.', 'M1VLCE974: Not a valid label - either no label with this number exists or the existing label is not valid.', and 'M24HG25Y2: This label cannot be used for relabelling.'

6.4 Re-define Article

- A. View your supplier's article definition and make any desired changes to white boxes
- B. Update public info pulled from the supplier's article, which will appear on the oeko-tex.com Label Check (Article name, number, description, colors, components) **Fields marked with * are mandatory**
- C. If applicable, select your own STANDARD 100 or LEATHER STANDARD certificate associated with this product from the dropdown
